

CONSENT FORM

VIDEO AND PHOTOGRAPHY

CHILDREN AND YOUNG PEOPLE

A copy of this form should be retained by the model, the photographer and the commissioning department.

The University of Worcester produces a range of published materials and online information. The University often takes photographic/video/film images of subjects in order to enhance and illustrate its materials and make them more motivating and inspiring to its audiences.

For children and young people under 18 years of age, full parental/guardian consent is required. As it is mandatory for the University to obtain permission prior to each photographic/video/film session it is necessary for each child to have a copy of this form signed by the parent/guardian prior to the relevant photographic/video session.

For children and young people between 12 and 18 years of age, who have sufficient understanding of the consent process and its implications for them, the child/young person should be involved in completing the form and their consent should be sought. The child/young person may also sign the form.
